### FEATURES & BENEFITS:

- ▶ Privately listen to your radio and still hear your surrounding environment.
  - ▶ Tube attaches to a high output speaker that connects discreetly below your collar.
  - ▶ 2 style options:
    1. Long Tube (shown on left)
    2. Short Tube
- Short Tube decreases moisture build-up in humid environments.*
- Enhanced Comfort:** The Fin Ultra™ ear tip offers all day comfort and the open skeleton design allows for more ambient sound to travel through the earpiece.

### FREQUENTLY ASKED QUESTIONS:

- Q. Does the cable come in different length?  
A. 6 inches short coiled cable, 20 inches long coiled cable.
- Q. Can you still hear out of the speaker microphone?  
A. Earpiece mutes the speaker for discretion.
- Q. What if I cannot hear out of the earpiece?  
A. Remove the clear tube, clean out with canned air.
- Q. Are the ear tips replaceable.  
A. Yes you can change out the ear tips.
