EARBUD BRANDS.**

Wireless Earbuds Not Included.

FEATURES & BENEFITS:

- ▶ Use with your favorite TWS Wireless Earbuds (Apple AirPods, Beats, AfterShokz, etc.)
- ▶ Auto LED shot off. No obtrusive LED light to give away your position in dark situations.
- ▶ Pair the Bluetooth remote PTT and activate your Wireless Earbuds with your finger remotely. Perfect for undercover operations! Mount to a handle bar, weapon or attach to your finger to key up remotely.
- ▶ Available for both Kenwood and Motorola 2-Pin Radios.
