

BTA-01 KENWOOD 2-PIN BLUETOOTH DONGLE

The **BTA-01** with Kenwood 2-Pin connection is cost-effective and versatile, allowing for wireless connectivity to any EPC Bluetooth device.

Apply to following EPC Bluetooth Kits:

Interceptor Bluetooth Speaker Microphone

UC200 Bluetooth Earpiece

Nighthawk Bluetooth Lapel Microphone

FEATURES & BENEFITS:

- ▶ The BTA-01 adds the benefit of wireless communications.
- ▶ Simply plug the BTA-01 dongle into your Kenwood 2-pin radio, pair to one of our EPC Bluetooth microphones, and like that, you are wireless. When you want, disconnect the BTA-01 and reconnect your wired mic.
- ▶ 9-10 Hour talk time.
- ▶ Charge & Talk at the same time with the BTA-01 dongle. No down time.
- ▶ Pair the Bluetooth remote PTT & key up radio with your finger remotely. Perfect for undercover operations!
