

BTA-QR UNIVERSAL BLUETOOTH DONGLE

Convert your existing Quick Release adapter into a Bluetooth solution without breaking the bank. The **BTA-QR** with Universal Connection is cost-effective and versatile, allowing for wireless connectivity to any EPC QR adapter.

UNIVERSAL: Go from wired to wireless by plugging the BTA-QR into any standard EPC Quick Release adapter.

FEATURES & BENEFITS:

- ▶ The BTA-QR adapts to any EPC Quick Release adapter adding the benefit of wireless communications without having to purchase an additional adapter.
- ▶ Simply snap the BTA-QR to the Quick Release adapter, pair to one of our EPC Bluetooth microphones, and like that, you are wireless. When you want, disconnect the BTA-QR and reconnect your wired mic.
- ▶ 9-10 Hour talk time.
- ▶ Charge & Talk at the same time with the BTA-QR dongle. No down time.
- ▶ Pair the Bluetooth remote PTT & key up radio with your finger remotely. Perfect for undercover operations!
