# COMBI COYOTE

## WIRELESS PTT HANDS-FREE KIT

The **Combi Coyote Kit** combines our **Coyote Short Tube Lapel Microphone** with the **Combi Wireless EC Adapter and Wireless PTT Transmitter**. The Coyote Short Tube is designed to prevent moisture build-up within the clear tube. With the Combi Coyote Kit package, you have the benefit of combining hands-free technology with our best-selling lapel microphone kit.

### FEATURES & BENEFITS:

- ▶ **ALWAYS ON!** Easy-Connect Adapter Receiver pairs via one-to-one.
- ▶ The Coyote Short tube earpiece style reduces moisture build-up in humid climates.
- ▶ Wireless push-to-talk (PTT) Transmitter button can be attached to any handle bar, finger, or pistol grip. No Batteries to Charge!

### KIT INCLUDES:

#### WIRELESS PTT FINGER TRANSMITTER

- ✓ 100,000 Presses
- ✓ Submersible

#### EASY-CONNECT ADAPTER RECEIVER

#### WIRELESS PTT \*\*TRANSMITTER BUTTON

Combine our best selling microphone with Hands-Free Wireless PTT technology.  
Perfect for Patrol, Bike or Tactical

- ▶ The kit comes equipped with the patented Fin Ultra™ ear tip for all day comfort and enhanced acoustical engineering for a higher level of situational awareness.
