COMBI iBLEND WIRELESS PTT SURVEILLANCE KIT

The **Combi iBlend Kit** combines our **iBlend “Earbud-Style” Surveillance Kit** with the **Combi Wireless EC Adapter and Wireless PTT Transmitter**. The best feature of the Combi Wireless EC Adapter PTT Kit is that you can attach just about any EPC Easy-Connect headset and key the radio remotely from the PTT button.

FEATURES & BENEFITS:

- ▶ **ALWAYS ON!** Easy-Connect Adapter Receiver pairs via one-to-one.
- ▶ Features Earbud-style earbuds & inline microphone. From the outside, the “Earbud-style” earbuds look commonplace, but underneath lies a covert surveillance kit that promotes highly advanced communications.
- ▶ Wireless push-to-talk (PTT) Transmitter button can be attached to any handle bar, finger, or pistol grip. No Batteries to Charge!

KIT INCLUDES:

WIRELESS PTT FINGER TRANSMITTER

- ✓ 100,000 Presses
- ✓ Submersible
