

COYOTE

SHORT TUBE LAPEL MICROPHONE

FEATURES & BENEFITS:

- ▶ Microphone is sensitive to a whisper.
- ▶ Concealable and lightweight.
- ▶ Short tube reduces moisture build-up & is easier to clean.

Short tube attached to speaker by metal threaded screw for easy release.

- ▶ Easy-to-grip PTT (push-to-talk) button.
- Includes left & right medium Fin Ultra™ Ambi eartip for ambidextrous fit and all day comfort.

FREQUENTLY ASKED QUESTIONS:

- Q. Why use this over the traditional speaker microphone?
- A. Less weight, more compact & more discrete.
- Q. Why would I use a short tube over a long tube?
- A. For higher moisture climates, short tubes are easier to keep clean.
- Q. How long does it last?
- A. At least 2 years under heavy everyday use.
- Q. How long is the warranty?
- A. One year.
- Q. What is Quick Release?
- A. Quick Release allows the adapter to remain on the radio while releasing the microphone cable from the adapter.
- Q. Are the parts replaceable?
- A. All the wearable parts are replaceable & interchangeable
