FREQUENTLY ASKED QUESTIONS:

Q. What is a speaker microphone?

A. A housing that encases the speaker and microphone in one unit.

Q. Why do you see cops turning their head into the speaker microphone?

A. The microphone is pointing out so to be heard you need to talk into the microphone.

Q. What does the speaker jack do?

A. It allows the use of an earpiece for discrete listening. It mutes the speaker.
