## ABOUT EARPHONE CONNECTION

### TRUSTED BY POLICE FOR OVER 28 YEARS

Situational awareness is critical for police in a dangerous encounter. Their radio and earpiece is their first line of defense. An earpiece allows officers to hear communications clearly and prevent bad guys from hearing what could turn the situation against them. Police trust Earphone Connection because we lead with 28 years' experience.

### WHAT SETS US APART?

**INNOVATION:** Headquartered in Southern California, **EPC** introduced the first wireless microphone with Push-to-Talk (PTT), the first Quick Release cables and many other ground breaking products to redefine the industry status quo. When it comes to Bluetooth and Wireless, EPC leads the way. The patented **Interceptor Bluetooth Speaker Microphone** is the first Dual PTT Bluetooth Speaker Microphone. EPC also brought the **Micro Sound Tubeless Earpiece** to the market, which is the first of its kind to incorporate a tiny speaker driver into our patented **Fin Ultra™** eartip. EPC carries a variety of patented ear tips, like the comfortable **Fin Ultra™** eartip and the first ever ambidextrous eartip. You can trust that EPC is always working to bring new, fresh and exclusive two-way radio accessories to the market.

**ENHANCED COMFORT:** Situational awareness is critical for police in a dangerous encounter. An earpiece allows officers to hear communications clearly and prevents suspects from hearing what could turn the situation against them. But many don't wear an earpiece is because it can be uncomfortable, block ambient sound and reduce situational awareness. That's why we built the patented **Fin Ultra™** eartip line. All **Fin Ultra™** eartips are softer than ever, delivering all day comfort. More cut-outs allows ambient sound to pass through for improved situational awareness. Available in left, right or ambidextrous in black or clear.

**RELIABILITY:** It's all too familiar to law enforcement: You are connecting your two-way radio accessory to your radio and the pins do not line-up. You're fumbling and twisting, many times bending the pins, causing detrimental wear and tear to your radio and accessory. The Ear Phone Connection has solved this problem with their new **EC "Easy-Connect"** system. The new exclusive design features two alignment arrows, one on the strain relief cable connector portion of your **Hawk EC Lapel Microphone** and the other is located on the **EC "Easy-Connect"** adapter. The radio connection is immediate and secure.

### 2025 NEW PRODUCT HIGHLIGHT:

**WHISPER COVERT STYLE PRODUCT LINE.** At the end of 2024, EPC introduced the **Whisper Covert Listen Only Earpiece**. The Whisper Covert Earpiece is Tubeless, eliminating sound loss due to acoustic tube moisture blockage. Tubeless earpieces require little to no maintenance and the micro speaker delivers clear sound directly to the ear. The Whisper yields all of the Tubeless benefits, but also offers a higher level of stealth. Due to it's popularity, the Whisper product line has expanded to include the new **Whisper Hawk Lapel Microphone**. In Addition, epc released different color options (clear and black) and for those working in noisy environments, a dual-sided earpiece option (**Whisper Deuce Covert Earpiece**). You'll see these new Whisper options in this digital catalog.

# HAWK EC

LAPEL MICROPHONE FEATURING EASY-CONNECT

EASY-CONNECT

WITH GUIDE  
ARROWS

Hit Your Mark every time with the **Hawk EC "Easy-Connect" Lapel Microphone** featuring Alignment Guide Arrows! The Hawk EC is concealable, lightweight & comes with the Fin Ultra™ eartips for all day comfort and enhanced acoustical engineering for a higher level of situational awareness.

## FEATURES & BENEFITS:

- ▶ Hawk EC ("Easy-Connect") features on-target visual alignment that improves the ease of connection to the radio, reducing wear and tear on the connector.
- ▶ Excellent audio quality.
- ▶ Concealable and lightweight.
- ▶ Microphone is sensitive to a whisper.
- ▶ Polyurethane-jacketed Kevlar-lined cables.
- ▶ Includes Fin Ultra™ eartips for all day comfort.

# FOX CT

ACOUSTIC COILED TUBE LISTEN ONLY EARPiece

ALSO AVAILABLE  
IN BLACK

The **Fox Listen Only** with clear tube allows officers to hear communications clearly and prevents suspects from hearing what could turn the situation against them. Available in both long coiled and short tube options in black and clear.

## FEATURES & BENEFITS:

- ▶ Formed from high grade surgical tubing, which is attached to a high output speaker that connects discreetly below the shirt collar.
- ▶ Short tube version is also available that is designed with a threaded tube release to reduce moisture build-up in humid climates.
- ▶ Includes Fin Ultra™ eartips for all day comfort.

# COYOTE EC

LAPEL MICROPHONE WITH SHORT TUBE

The **Coyote EC "Easy-Connect" Short Tube Lapel Microphone** combines our lightweight directional lapel microphone with a clear acoustic short tube earphone. The Coyote's short tube is designed for humid climates to prevent moisture build-up within the clear tube.

## FEATURES & BENEFITS:

- ▶ Short tube style reduces moisture build-up in humid climates.
- ▶ Short tube attached to speaker by a metal threaded screw for easy release.
- ▶ Easy to grip PTT (Push-to-Talk).
- ▶ Polyurethane-jacketed Kevlar-lined cables.
- ▶ Whisper-sensitive microphone.
- ▶ Includes Fin Ultra™ ear tips for all day comfort.

# FALCON

LAPEL MICROPHONE WITH TRADITIONAL EARHOOK

The **Falcon Lapel Microphone** is a lightweight directional microphone that has been designed to attach securely by a soft ear hook. The ear hook may be worn comfortably for hours. The Falcon unit can easily be worn under a shirt which allows the user to keep their immediate area free of wires.

## FEATURES & BENEFITS:

- ▶ Directional lapel microphone with flexible rubber earhook that swivels for left or right ear fit.
- ▶ Comfortable and practical design with adjustable height to fit different ear sizes.
- ▶ Easy to grip PTT (Push-to-Talk).
- ▶ Sensitive to a whisper.
- ▶ Polyurethane-jacketed Kevlar-lined cables.

# RABBIT RS

TRADITIONAL EARHOOK LISTEN ONLY EARPIECE

**Rabbit Listen Only Classic Ear Hook** is made of soft flexible rubber. In addition to comfort, the speaker rests on the outside of the ear, allowing the unit to be worn by multiple users without compromising hygiene. The speaker rotates to affix to either ear and moves up and down for a custom fit.

## FEATURES & BENEFITS:

- ▶ Comfortable 15mm speaker rests securely in your ear, producing a rich, full, natural sound that can be heard only by the user wearing the earpiece
- ▶ Allows the unit to be worn by multiple users without compromising hygiene.
- ▶ Available in regular and large speaker variations.

# OWL

## LARGE SPEAKER EARHOOK LAPEL MICROPHONE

The **Owl Large Speaker Earhook Lapel Microphone** features a large speaker that rests comfortably over the ear, making the Owl an ideal choice for office or retail environments that require sharing of the unit without compromising hygiene. The speaker rotates to affix to either ear and moves up and down.

### FEATURES & BENEFITS:

- ▶ Directional lapel microphone with flexible large speaker rubber earhook that swivels for left or right ear fit.
- ▶ Large speaker rests comfortably over the ear, not inside (great for retail or office environments).
- ▶ Easy to grip PTT (Push-to-Talk).

# CHAMELEON EC

DUAL PUSH-TO-TALK (PTT) BODY MICROPHONE

EASY-CONNECT

WITH GUIDE  
ARROWS

It is imperative that the push-to-talk function (PTT) is easy to get to and works every time. The **Chameleon Dual PTT Body Microphone** is slightly larger than the typical lapel microphone, but compact enough to work around all the body worn accessories. With PTT buttons on either side of the mic, you can rest assured your transmission will be received.

## FEATURES & BENEFITS:

- ▶ Robust & durable Dual PTT on both sides of the mic, making it easier to grip the microphone for clear, reliable transmissions. (Great for wearing gloves or tactical gear).
- ▶ Butterfly switch leads the audio signal path to external devices like a boom or throat mic. Now, when you activate the PTT button the external devices are active.
- ▶ Equipped with a 2.5mm audio jack and your choice of tube or tubeless earpiece.
- ▶ Extra Jack for optional finger PTT.

# RHINO EC

SPEAKER MICROPHONE

EASY-CONNECT

WITH GUIDE  
ARROWS

The **Rhino Speaker Microphone** features a durable, yet compact design that allows for clear audio while transmitting and receiving. The Rhino is designed with a large PTT switch, reinforced metal clip that rotates a full 360° and a 3.5mm audio jack for a listen only earpiece.

## FEATURES & BENEFITS:

- ▶ Highly durable, compact speaker design.
- ▶ PTT button switch and a metal-reinforced clip that rotates a full 360°.
- ▶ 3.5mm earphone accessory jack to accommodate a listen only earpiece.
- ▶ High quality speaker and microphone elements.
- ▶ Polyurethane-jacketed Kevlar-lined cables and impact-resistant housing.

# COUGAR EC

2-WIRE PALM MICROPHONE KIT

EASY-CONNECT

WITH GUIDE  
ARROWS

The **Cougar EC "Easy-Connect" 2-Wire Microphone** with PTT (Push-to-Talk) fits comfortably in your hand. The Cougar features a dual strain relief, which provides less tension at the connector and extra long cables for personal configuration.

## FEATURES & BENEFITS:

- ▶ Fits in the palm or worn as a clip-on microphone.
- ▶ Dual strain relief for less cable tension.
- ▶ Extra long cables for personal configuration.
- ▶ Polyurethane-jacketed Kevlar-lined cables.
- ▶ Includes Fin Ultra™ eartips for all day comfort.

# iBUD PTT

1-WIRE EARBUD SURVEILLANCE KIT

ALSO  
AVAILABLE IN  
BLACK

The **iBUD PTT 1-Wire Earbud Surveillance Kit** features an "iPod-style" earbud with inline PTT microphone. From the outside, the "iPod-style" earbud looks typical, but underneath it's a covert surveillance kit that promotes simplistic two-way radio communications. Blend into any surrounding environment without being noticed!

## FEATURES & BENEFITS:

- ▶ Simple 1-Wire Covert Surveillance Kit allows you to blend into any environment.
- ▶ "iPod-style" earbud delivers clear audio, even in the noisiest of environments.
- ▶ True inline microphone with easy-press PTT.
- ▶ Whisper-sensitive microphone.

# iHOOK PTT

1-WIRE EARHOOK WITH INLINE PTT MICROPHONE

The ultra-light **iHOOK PTT 1-Wire Earhook Kit** features a single wire inline microphone with PTT combo for a simplistic & comfortable approach to all day radio communications. The soft, flexible speaker rotates a full 180° for left or right ear wear.

## FEATURES & BENEFITS:

- ▶ Lightweight 1-Wire earhook is comfortable and practical for all day use.
- ▶ True inline microphone with easy-press PTT.
- ▶ Earhook rests on the outside of the ear promoting good hygiene and comfort.
- ▶ Earhook features a 180° rotating swivel speaker for left or right ear wear.

# AIR PRO WIRELESS

2-WAY RADIO BLUETOOTH COMBO KIT FOR WIRELESS EARBUDS

To be used with  
TWS Wireless Earbuds

The **Air Pro Wireless Bluetooth PTT Combo Kit** is compatible with all of your favorite Wireless Earbuds\* like Apple AirPods™, Beats Pro™ & AfterShokz™, to name a few. Pair the combo kit to your Wireless Earbuds for the ultimate personalized kit. Simply pair the Bluetooth Remote PTT Switch to activate your Wireless Earbuds with your finger remotely. Perfect for undercover operations!

## FEATURES & BENEFITS:

- ▶ Use with all your favorite wireless earbud brands (Apple AirPods™, Beats™, AfterShokz™, etc.) or purchase the all inclusive MAX kit with our Feather Noise Cancellation Wireless Earbuds.
- ▶ **APX Bluetooth Adapter Combo Kit delivers Dual Connectivity:** Pair Bluetooth microphone or wired headsets.
- ▶ Bump-Free Pairing/PTT button.
- ▶ Pair the Bluetooth remote PTT & activate your Wireless Earbuds with your finger remotely. Perfect for undercover operations!

 [Click here for Product Sell Sheet/Flyer](#)

# E2 HEADSET

BLUETOOTH HEADSET WITH DUAL PTT

The **E2 Bluetooth Headset with 2 PTT** (push-to-talk) buttons and simultaneous listen feature can pair to 2 different Bluetooth enabled devices (radio & smartphone). Plus, listen to dual audio from 2 Bluetooth devices at the same time. **Also compatible with Android Smartphone Push-to-Talk (POC) Apps (ES Chat, Zello & Kodiak, etc).**

## FEATURES & BENEFITS:

- ▶ The E2 can be paired to two Bluetooth Devices simultaneously. Connect with these dual link pairs:
  - 2 radios with Bluetooth adapters.
  - 1 Smartphone & 1 radio.
- ▶ Dual microphones for true noise cancellation.
- ▶ Built-in Bluetooth & Android Smartphone Push-to-Talk (POC) Apps (ES Chat, Zello, Kodiak etc.) compatible.
 

*\*Inquire about additional POC App / Platform compatibility.*
- ▶ 12+ Hour Talk Time.

# INTERCEPTOR

BLUETOOTH SPEAKER MICROPHONE WITH DUAL PTT

Interceptor Patent #9628883

The **Interceptor Bluetooth Speaker Microphone** with 2 PTT (push-to-talk) buttons and simultaneous listen feature can pair to 2 different Bluetooth enabled devices (radio and smartphone). **Also compatible with Android Smartphone Push-to-Talk (POC) Apps (ES Chat, Zello & Kodiak).**

## FEATURES & BENEFITS:

- ▶ Dual Pairing: Pair Radio to Radio or Radio to Android Smartphone
- ▶ Listen to dual audio from two paired Bluetooth devices at the same time.
- ▶ Built-in Bluetooth & Android Smartphone POC Apps (ES Chat, Zello, Kodiak) compatible.  
*\*Inquire about additional POC App / Platform compatibility.*
- ▶ Uni-directional microphone, 128-Bit Encryption, 20+ Hour Talk Time.
- ▶ 3.5mm audio jack for field versatility.

MIC TYPE	OMNI-DIRECTION MIC WITH DSP NOISE AND ECHO CANCELLATION	INTERCOM DISTANCE	100 METERS
BLUETOOTH VERSION	V3.0 CLASS 1	CHARGE TIME	APPROX. 4 HOURS
BLUETOOTH PROFILE	HSP, HFP, A2DP, AVRCP, SPP	TALK TIME	APPROX. 20 HOURS
BLUETOOTH ENCRYPTION	128-BIT KEY ENCRYPTION	STANDBY TIME	ABOUT 80 HOURS
FREQUENCY RANGE	2402MHz~2480MHz	OPERATING TEMP	-15° ~50°C
ANTENNA IMPEDANCE	50 Ohm	STORAGE TEMP	-25° ~40°C
RADIO POWER GRADE	BLUETOOTH CLASS 1 (MAX RF POWER MORE THAN 40DBM LESS THAN 20DBM)	BATTERY	LI-POLYMER BATTERY(1500MA/3.7V)
RF RECEIVER SENSITIVITY	-80DBM		

# NIGHTHAWK

BLUETOOTH BODY-WORN LAPEL MICROPHONE

The **Nighthawk Bluetooth Lapel Microphone** is the ultimate body-worn microphone designed specifically for law enforcement. Features include 12 hour talk time, 3.5mm jack for earpiece or microphone & built-in Bluetooth compatibility. **Also compatible with Android Smartphone Push-to-Talk (POC) Apps (ES Chat, Zello & Kodiak).**

## FEATURES & BENEFITS:

- ▶ Body-worn microphone with removeable earpiece for improved comfort & safety.
- ▶ All day **12 Hour** Talk Time on a single charge.
- ▶ Designed with a 3.5mm audio jack to accommodate an external earpiece or an external microphone, for even more field versatility.
- ▶ Supports radios with built-in Bluetooth and Android Smartphone POC Apps (ES Chat, Zello, Kodiak compatible). *\*Inquire about additional POC App compatibility.*

# AUDIO ARMOR

HEARING PROTECTION HEADSET WITH BLUETOOTH

**Audio Armor** reduces harmful loud noises down to safe levels below 82dB and enhances clarity of surrounding low level sounds. Pair to your Audio Armor headset to your two-way radio and never miss a call on the range.

## FEATURES & BENEFITS:

- ▶ Full Dynamic range HD speakers for clear balanced sound.
- ▶ 2 Volume Controls: Two-Way Radio & Ambient Sound.
- ▶ Recessed volume control of ambient sound when sound over 82 dB. Noise Reduction Rating (NRR) 22 dB+.
- ▶ Connect Audio Armor to your speaker microphone with 3.5mm cable provided!
- ▶ Foldable and compact with replaceable ear pads.
- ▶ Optional: Pair to your two-way radio using EPC's Bluetooth dongle & remote PTT switch (sold separately).

 [Click here for Product Sell Sheet/Flyer](#)

Noise  
Reduction  
Rating

**22 DECIBELS**  
(WHEN USED AS DIRECTED)

THE RANGE OF NOISE REDUCTION RATINGS FOR EXISTING HEARING PROTECTORS IS APPROXIMATELY 0-31 (HIGHER NUMBERS DENOTE GREATER EFFECTIVENESS).

# MOTO X

MOTORCYCLE HEADSET WITH WIRELESS PTT

Transmitter

Receiver

The cutting edge **MOTO X** with Wireless Push-to-Talk (PTT) allows for rapid transition when dismounting from the motorcycle. No connecting or disconnecting cables. Remove the helmet and use the speaker microphone for traditional communication.

## FEATURES & BENEFITS:

- ▶ Suitable for 3/4 and full face helmets.
- ▶ Strong boom microphone clamp.
- ▶ Weather-proof boom microphone.
- ▶ Loud and robust in-helmet speakers.
- ▶ Heavy duty compact speaker microphone Receiver.
- ▶ Waterproof wireless handle bar push-to-talk (PTT) Transmitter.
