

## MANUFACTURER'S LIMITED WARRANTY

Your Sales Receipt is required to validate & obtain warranty services.

Your EPC product is warranted against internal defects in material or workmanship. All of our earphones are warranted for 12 months. Hygiene restrictions prevent us from extending our limited warranty to wearable parts.

The warranty is extended to the original purchaser only and does not cover the following:

- \* Physical abuse
- \* Improper maintenance of unit
- \* Damage from tugging or pulling
- \* Frayed, torn or exposed wires
- \* Crushing or smashing in any way, shape or form

General misuse of the item such as: Excessive voltage, tampering with the unit or repairs attempted by someone other than the manufacturer will void the MANUFACTURER'S LIMITED WARRANTY.

The manufacturer reserves the right to evaluate & refuse warranty based on their evaluation. In order to obtain warranty services, proof of purchase must be returned along with the product.

For Returns Dept. & Return Authorization # Call Toll Free: (888) 372-1888.

After calling, send your return along with your name address & Return Authorization number to:  
The Earphone Connection, Inc.  
25139 Avenue Stanford  
Valencia, CA 91355

### IMPORTANT SAFETY INFORMATION

Earphone Connection, Inc. products are designed to produce a specific audio output level at maximum rated power. Modifying these devices in any way including adding or removing components and accessories may change the audio output of the device and could result in PERMANENT HEARING DAMAGE.

Many countries have regulations defining the amount of noise that an individual can be subjected to during a normal workday. Compliance is application-dependent and standards vary. It is the SOLE RESPONSIBILITY of the end user to determine applicability and compliance to local hearing protection regulations.

Earphone Connection, Inc. strongly recommends that the radio is off before installation of audio accessory. Once audio accessory is securely installed radio can be turned on. Radio volume switch is recommended to set at low position and adjusted once radio is turned on.

### FCC DISCLAIMER

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or TV reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC CAUTION:

To assure continued compliance, any changes or modifications to this device not expressly approved by manufacture could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

### DECLARATION OF CONFORMITY FOR EU COUNTRIES

EMC Directive 2014/30/EU (including amendments)  
Low Voltage Directive 2014/35/EU  
RED Directive 2014/53/EU (if product has RF function)

The full text of the EU Declaration of Conformity is available from the following internet address:

### WARNINGS/CAUTIONS

- Children should use this device under the supervision of adults.
- Do NOT use your headset at a high volume for any extended period of time.
- To avoid hearing damage, use your headset at a comfortable, moderate volume level. – Turn the volume down on your device before wearing the headsets, then turn the volume up gradually until you reach a comfortable listening level.
- Use caution and follow applicable laws regarding mobile phone and headsets use while driving.
- Focus on your safety and that of others if you use the headset while engaging in any activity requiring your attention, e.g., while riding a bicycle or walking in or near traffic, a construction site or railroad and follow applicable laws regarding headsets use, etc. adjust your volume to ensure you can hear surrounding sounds, including alarms and warning signals.
- Do NOT submerge or expose the product for extended period to water.

**When using this product, basic precautions should always be followed, including the following:**

- Read all the instructions before charging.
- To reduce the risk of injury, close supervision is necessary when the headsets is charging near children. Use this product only with an power supply that meets local regulatory requirements (e.g. UL, CSA, VDE, CCC). Only charge with the charging cable approved by manufacturer. Other charging cables may not meet applicable safety standards, and charging with such cables could pose a risk of injury to the users or damage to the device.
- Do not charge in excess of its output rating.
- Do not disassemble the product. Doing so may result in risk of fire or injury to persons.
- Store devices in a cool, dry place, & the working temperature should be 0-45°C(32-113F).
- Working in an environment that is too cold, too hot or too humid may shorten the life of the battery.
- Have servicing performed by the manufacturer only.
- To charge the internal battery, use USB terminal or USB adapter at normal temperature.
- Do not connect the headsets under charging mode
- When charging the battery, if any strange odor or high heat is noted, please immediately remove the plug • from the device and from the outlet.
- Charge the headsets at least once every six months even if not used for a long period of time.

## AIR PRO WIRELESS

### 2-PIN WIRELESS PTT COMBO KIT FOR WIRELESS EARBUDS

Bluetooth™

Visit our **YouTube Channel: EPC Headsets** for videos about Pairing the Air Pro Wireless PTT Combo Kit.

[www.earphoneconnect.com](http://www.earphoneconnect.com)

## AIR PRO WIRELESS PTT COMBO KIT FOR 2-PIN RADIOS INCLUDES:

### BTR REMOTE PTT SWITCH

ON/OFF PTT/PAIRING

### BT BOX BLUETOOTH DONGLE

### PAIRING BLUETOOTH DEVICES:

**STEP 1:** Pairing Earbuds to the BT Box Adapter (BTD). Attach the BT Box Adapter to the radio. Power up radio. Press the button on the BT Box Adapter until it flashes blue/red. Now it's in pairing state. Power up your Bluetooth earbuds and put them into pairing state. When the BT Box Adapter LED is solid blue, pairing is complete. Check your personal earbud instructions for manual pairing if needed.

### PAIRING THE REMOTE PTT SWITCH:

- STEP 1:** Power up the BT Box adapter until LED appears, then release.
- STEP 2:** Hold the remote PTT button until LED appears then release.
- STEP 3:** Double press the remote PTT button until LED is flashing BLUE/RED then release.
- STEP 4:** When flashing has stopped, pairing is complete.

**Note:** Insert both earbuds to ears to ensure a solid connection, then take one out and use one at a time to conserve earbud battery life if you choose.

Next time using the kit, power up the adapter until first LED appears. Power up Bluetooth device and remote finger switch. All devices will automatically connect.

### TO PAIR ADDITIONAL BLUETOOTH DEVICES:

Follow Step 1 of "PAIRING BLUETOOTH DEVICES".

**To charge the Remote PTT Switch and BT Box Adapter,** connect the USB cable to a wall charger and the other end to the switch/box. 3-4 hours full charge.

If adapter is powered off, the finger switch will disconnect. Make sure to power on the remote finger switch, when you power on the adapter.

### NOTES:

- ▶ To turn BT Box or BTR "ON", press the PTT button until first LED appears, then release.
- ▶ To turn BT Box or BTR "OFF", press & hold the PTT button until LED turns RED, then release. If all devices are powered off the remote switch will automatically power down.
- ▶ Earbuds can be activated from the pairing button on the BT Box Adapter as well.

### USE WITH YOUR ALL YOUR FAVORITE WIRELESS EARBUD BRANDS.

*Wireless Earbuds Not Included.*
