

# RHINO BLUE

## SPEAKER MICROPHONE WITH WIRELESS PTT

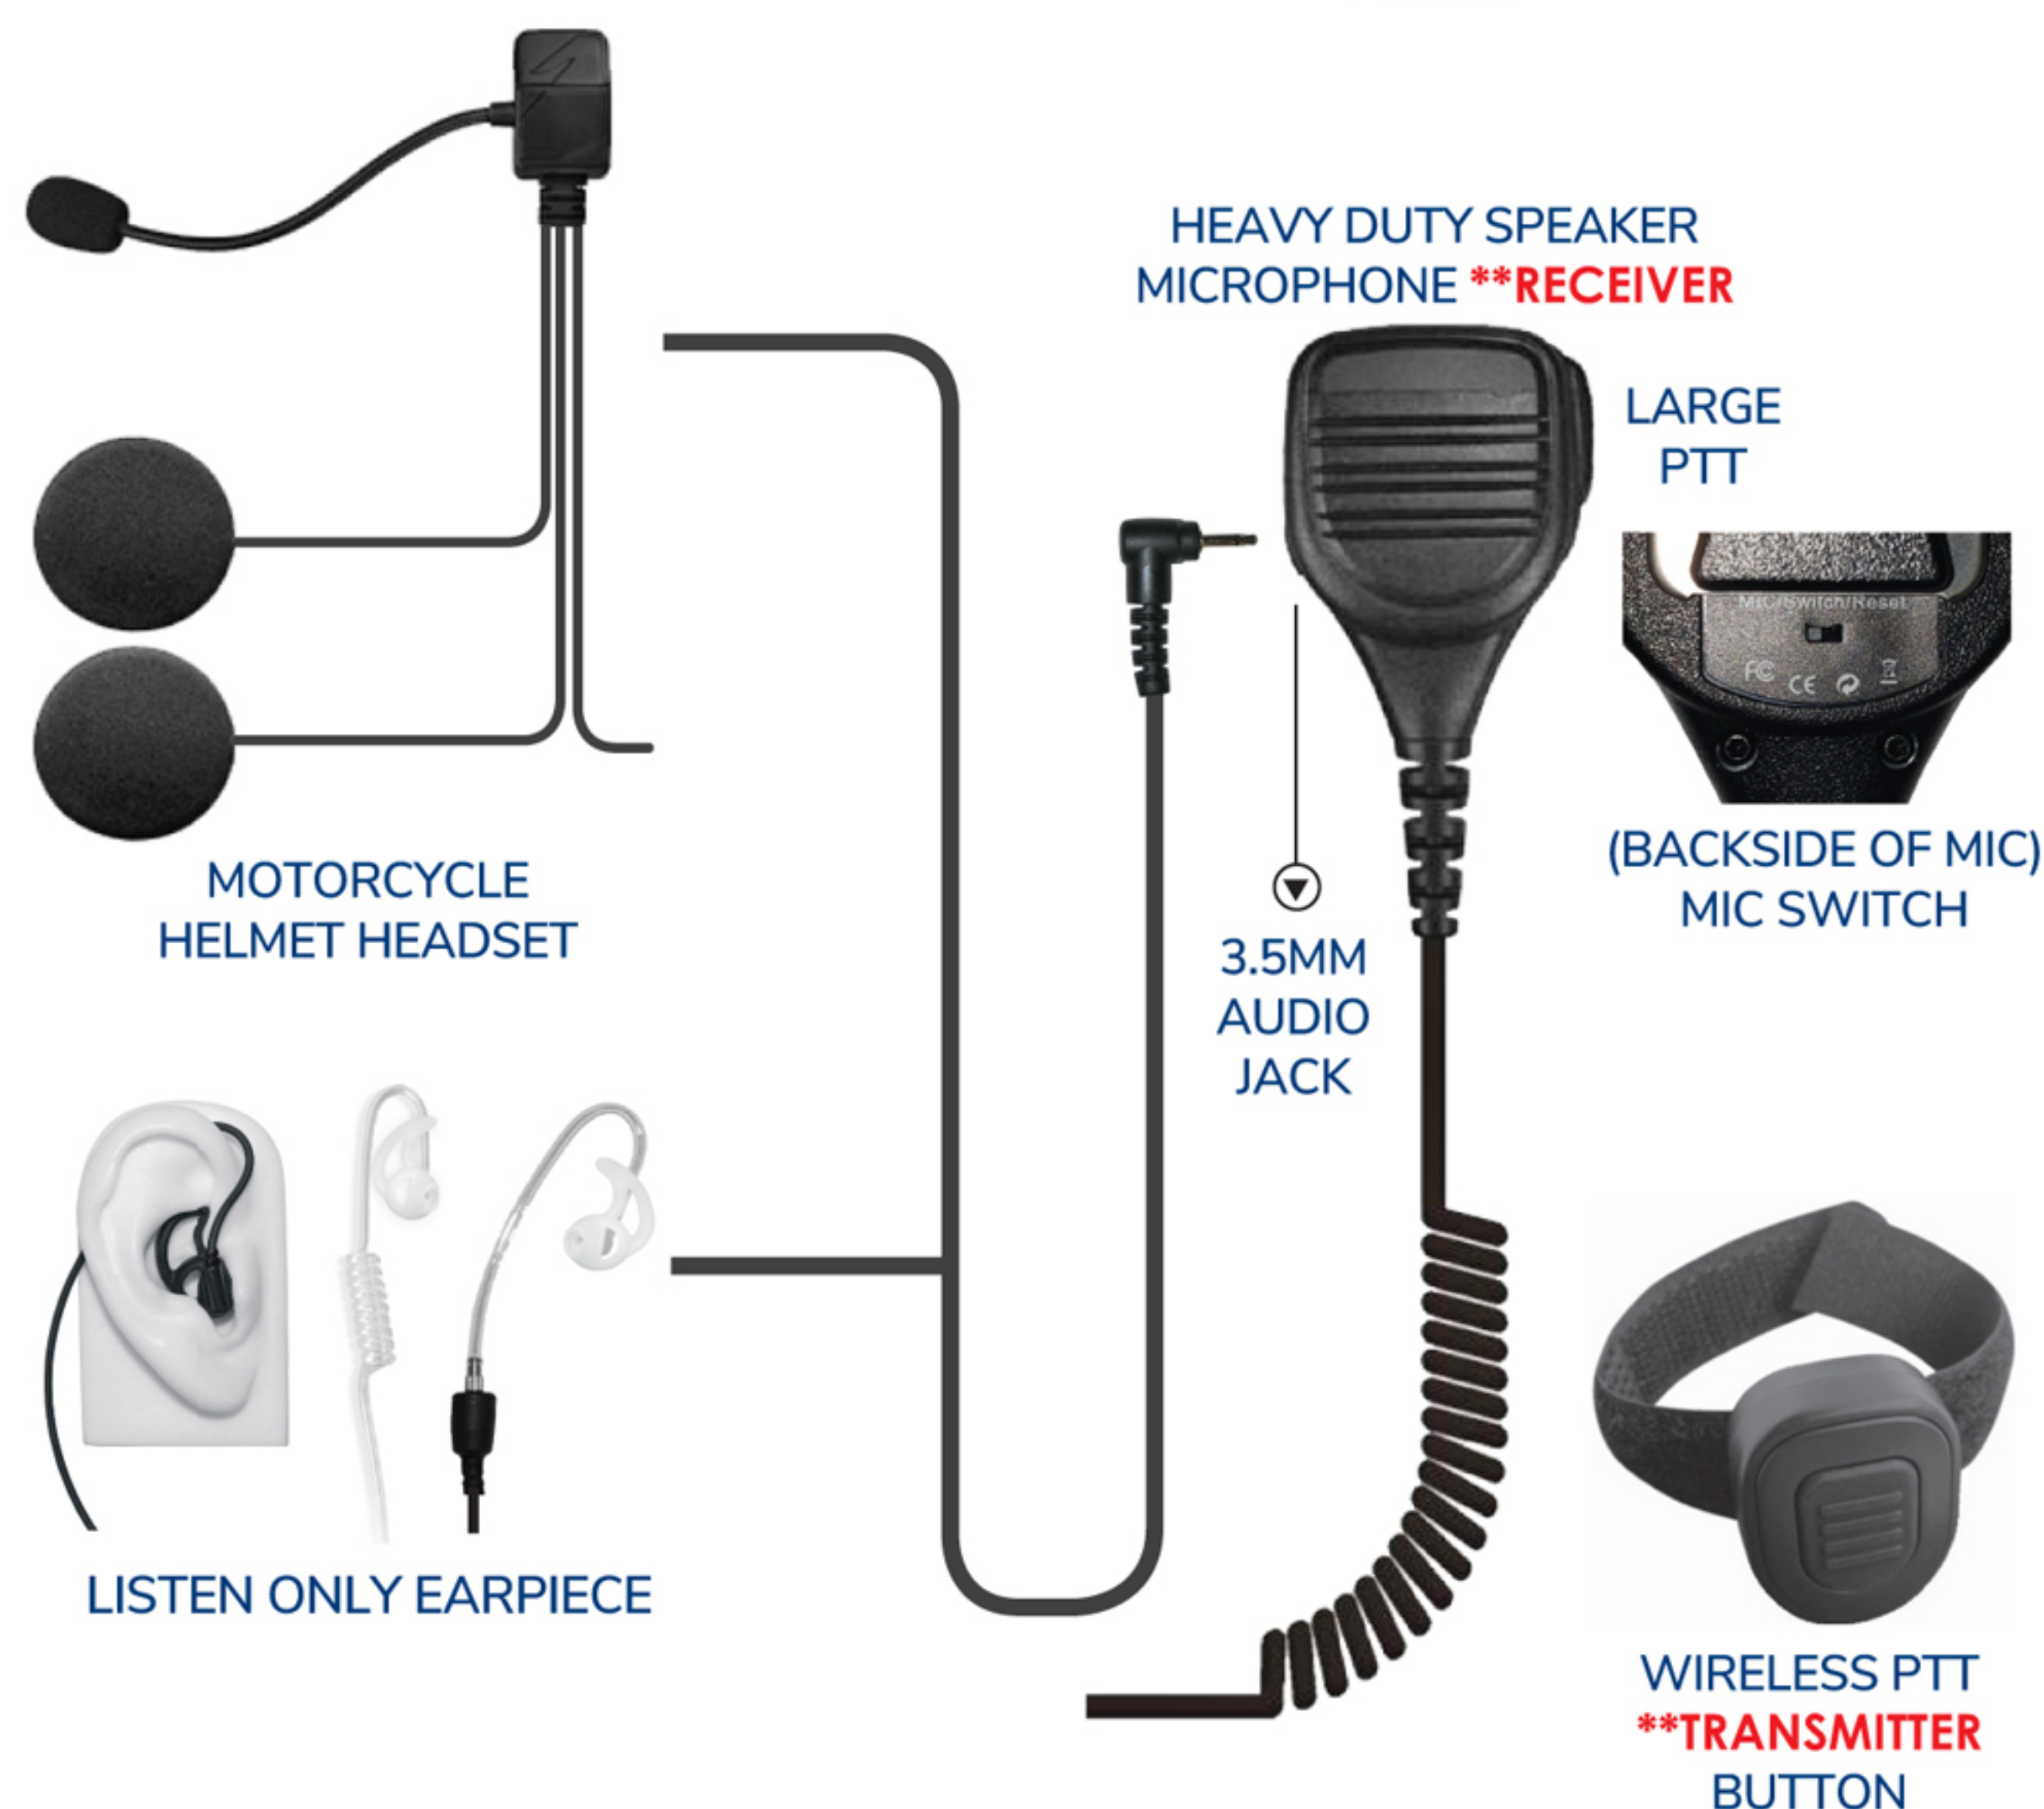

**RHINO BLUE** takes the traditional speaker microphone to a whole new level. First, we add a rechargeable wireless Push-to-Talk button (PTT) for endless PTT hands-free possibilities. Another game changer is the Mic Switch/Reset button on the back side of the microphone. You can connect a headset like a throat microphone or boom microphone or with the press of a switch, you can transition to a listen only earpiece. The cutting-edge affordable kit adapts to any situation. **Whatever your mission, RHINO BLUE has an answer.**

### FEATURES & BENEFITS:

- ▶ Microphone switch allows for dual function. Use with an external headset / microphone or a listen only earpiece.

- ▶ Heavy duty speaker microphone **Receiver**.
- ▶ Waterproof wireless PTT **Transmitter** button. With the various straps, you have the option to mount it onto a weapon, finger, handlebar or steering wheel.
- ▶ The Wireless PTT button is rechargeable you never need to change the battery. A quick charge will last 200+ hrs.

AVAILABLE FOR MOST RADIO MAKES & MODELS. ALSO AVAILABLE FOR 2-PIN RADIOS WITH AN ADDITIONAL CHARGEABLE RECEIVER.
